## 2.01.17 Customer-Related Occupations

The **Customer-related Occupations** form administers the calculated rates (per hour), which differs from the standard rates (usually defined in [Occupations](#)), that is used for a designated customer.

**Tip:** For more more on this subject see chapter [3.11.05 occupation administration](#) and [pricing](#).

The form contains the following elements:

- **Occupation:** This field specifies the occupation for which the altered rates exist.
- **Description:** This field specifies the description of the occupation.
- **Hourly external cost rate:** The external charge/cost rate per hour for this occupation is defined here. This rate is applied to (if no project-specific alteration exists) the quotation and invoicing.
- **Hourly internal cost rate:** The internal cost/charge rate per hour for the customer is defined in this field. This rate is only applied if no project-related cost/charge rate or employee-related rate is stored in the system.
- **Hourly price production:**
- **Parent occupation:** This field specifies the assigned contact to the altered occupation rates.
- **Suboccupations:**
- **Status Active:**
- **Travel Occupation:**
- **Note:** This field is designated for comments.
