2.01.18 Customer-Related Employee Rate

The **Customer-Related Employee Rate** form administers the external hourly rates, which differ from the standard rates (usually defined in [Occupations](#)), that are applied to the designated customer.

Tip: For more on this subject see chapter [3.11.05 Occupation administration](#) and [Pricing](#).

The screenshot shows a web browser window titled "Customerwise external price TLC Telecommunications Corporation Timothy Jones". The browser's address bar and menu bar are visible. The form contains the following fields:

Customer	TLC Telecommunications Corporation
Employee	Timothy Jones
Function	Developer
Hourly rate	125,00 EUR
Note	

The form consists of the following elements:

- **Customer:** This field specifies the respective contact of the altered occupation rates.
- **Employee:** This field specifies the employee, whom the altered rates are stored for.
- **Function:** This field specifies the function of the employee for this rate.
- **External Hourly Rate:** The rate per hour for this employee is assigned here. This rate is applied (if no project-defined change exists) for quotation and invoicing.
- **Note:** This field can be used for entering comments.
