2.02.06 Deadline

The deadline menu is used for estimating the expected date (trend date) in which the milestone should be reached/accomplished. With these estimations, the data pool/base for the milestone trend analysis of the analysis module is set. Estimations can be made for any report date.

Tip: For more on this subject see chapter [4.2.07 Estimations](#) [4.2.07 Schätzungen](#).

The screenshot shows a software window titled "Trendtermin 138.1-A-1 13.07.2009". The window has a menu bar with "Dokument", "Bearbeiten", "Ansicht", and "Rückverweise". The main area contains several fields:

- Trendtermin:** A text field containing "138.1-A-1".
- Meilenstein:** A text field containing "138.1-A Konzeptabnahme 10.07.2009".
- Berichtsdatum:** A date field showing "01.07.2009" with a calendar icon.
- Termin:** A date field showing "13.07.2009" with a calendar icon.
- Mitarbeiter:** A dropdown menu showing "Schaub Peter" with search and selection icons.
- Bemerkung:** A text area containing the text "Projekt läuft planmäßig, keine Besonderheiten (siehe auch Statusbericht)".

The document type consists of the following elements:

- **Deadline:** This field is used for entering a number to which the date should belong to.
- **Milestone:** The field milestone defines the milestones, to which an estimation for the trend date should be made. Milestones can be defined in the milestones menu.
- **Report Date:** This field specifies the report date on which the estimation was made. This field is occupied with the current date from the system. The information from this field are entered in the milestone trend analysis on the horizontal axis and are specified as a symbol on the lines of the respective milestone.
- **Milestone Date:** The field milestone date defines the estimated date, in which the the respective milestone is expected to reach/achieve. The information from this field are entered in the milestone trend analysis on the vertical axis.
- **Employee:** This field specifies the editor of the data record (the project employee) who defines the trend date for the selected milestone.
- **Comments:** This field is designated for comments concerning deadlines (for example, the reason for a delay).
