2.02.05 Deadline

The **Deadline** form is used for estimating the expected date (due date) in which the milestone should be reached/accomplished. With these estimations, the data pool/base for the milestone trend analysis of the analysis module is set. Estimations can be made for any report date.

The screenshot shows a software window titled "Deadline 162.2-A-1 28.03.2012". The window has a menu bar with "Document", "Edit", "View", and "Back references". Below the menu bar, there are several icons. The main form area contains the following fields:

- Deadline:** A text field containing "162.2-A-1".
- Milestone:** A text field containing "162.2-A Prototype 28.03.2012".
- Report date:** A date field containing "26.03.2012" with a calendar icon and a dropdown arrow.
- Milestone date:** A date field containing "28.03.2012" with a calendar icon and a dropdown arrow.
- Employee:** A dropdown menu showing "Carter Simon" with a search icon and a dropdown arrow.
- Note:** A large empty text area.

The document type consists of the following elements:

- **Deadline:** This field is used for entering a number to which the date should belong to.
- **Milestone:** The field milestone defines the milestones, to which an estimation for the trend date should be made. Milestones can be defined in the milestones form.
