2.02.10 Project-Related Occupation

The **Project-Related Occupation** form administers the occupation rates, which are adjusted for a defined project. When these rates are defined for a project or sub-project, these values override the global occupation rates (see also costing and pricing).

Tip: For more on this subject see chapter [4.1.05 Project-Related Occupation](#).

Project	3 Introduction Projectile
Occupation	Programming
Description	Programming
Hourly rate	100,00 EUR
Hourly internal cost rate	75,00 EUR
Note	

The form consists of the following elements:

- **Project:** This field specifies the corresponding project.
- **Occupations:** This field specifies the occupations for which this project is adjusted for. Changes which are made here, will not change the original occupation rates.
- **Description:** This field specifies the description of the occupation and can vary from the standard description.
- **External Hourly Rates:** The cost/charge rate is defined here. The customer is billed for this project with these rates.
- **Internal Hourly Rates:** The internal charge/cost rate is defined in this field.
- **Comments:** This field is designated for comments.
