- **Search:** It is possible to search for data for the chart with this selection box. This search entry must relate to the supported catagories.
- Search Machine: Search Word and Category: This element is used to filter the selected data from the categories. Only the document type contact, employee, project and unit is available for selection. How to operate the search machine is described in chapter 3.2.2.3 and can be performed, if necessary, a multiple amount of times.
- **Input Data:** Under this field, the selected selection criteria for the chart are listed. This input data can derive from the "professional search"(Profisuche), the standard search machine or the personal clipboard.

3. Main Parameters

3. Main parameters: Please select parameters:					
Chart period	Current Quarter	0			
Start	01.04.2012				
End	30.06.2012				

- **Chart Period:** This drop-down box refers to the chart's time span (elements start and end) and allows a parameterised definition of the time span for the time services. This selection (current week, current month, ..., next week, last week, ...) can be also used to simplify the manual definition of start and end.
- **Start and End:** In this field a time interval can be entered as selection criteria to limit the given period for the chart.
