2.05.04 Capacity Chart

The **Capacity Chart** consists of the resources charts (capacity utilisation and capacity overviews) and the calendar charts (overviews of absences, as vacation, illness, ...).

Tip: For more on this subject see chapter [4.12.1 Applying Charts](#) and [3.12.04 Capacity Chart](#).

The form consists of the following elements:

1. Name

The screenshot shows the 'CapacityChart' application window. At the top, there's a toolbar with icons for 'Generate chart', 'Document', 'Edit', 'View', 'Back references', and several other chart-related icons. Below the toolbar, there are four tabs: 'InputData' (selected), 'Parameters', 'Format', and 'Results'. The main area has a heading '1. Name: If you would like to save a chart please enter a description'. It contains two input fields: 'Description' with the value '7 Capacity chart' and 'Chart' with the value '05 - Capacity utilisation evaluati' followed by a dropdown arrow and a green checkmark icon.

2. Input data: Stellen Sie die Dokumente zusammen, für welche die Auswertung erzeugt werden soll. Benutzen Sie dazu (ggf. mehrfach) diese Suchmaschine. Achtung: Alle Dokumente, die in der Eingabebox aufgeführt sind, werden ausgewertet. Zum Entfernen Dokumente markieren und Option "entfernen" auswählen. Auch nicht markierte Dokumente werden berücksichtigt!

This part of the interface is titled 'Search'. It includes a search bar with a dropdown arrow and a green checkmark icon, a 'Search word' field, a 'Category' dropdown set to 'Unit', and a magnifying glass search icon.

- **Name:** In this field the name of the chart is defined, if this should be saved (for example, for time services or for administrating the chart results).
- **Description:** In this field the description of the chart is defined, if this should be saved.
- **Chart:** The employee chart contains the charts:
 - Capacity Utilisation I, II and III
 - Capacity I, II and III
 - Calendar Overview I and II

2. Input Data

Input data

The screenshot shows a software interface titled 'Input data'. At the top, there's a toolbar with icons for settings, back, forward, search, and refresh, followed by the text 'page 1 of 1' and '1 - 1 / 1'. Below the toolbar is a table with two columns. The first column contains a checkbox and a small icon. The second column contains the number '1', an icon of a person, and the text 'Cambridge'. The rest of the interface is mostly empty space.

HideJobDetail

- **Search:** It is possible to search for data for the chart with this selection box. This search entry must relate to the supported categories.
- **Search machine: Search Word and Category:** This element is used to filter the selected data from the categories. Only the document type job, employee, project, occupations and unit is available for selection. How to operate the search machine is described in chapter 3.2.2.3 and can be performed, if necessary, a multiple amount of times.
- **Input Data:** Under this field, the selected selection criteria for the chart are listed. This input data can derive from the „professional search“ (Profisuche), the standard search machine or the personal clipboard.

3. Main Parameters

3. Main parameters: Please select parameters:

Chart period

Start

End

- **Chart Period:** This drop-down box refers to the chart's time span (elements start and end) and allows a parameterised definition of the time span for the time services. This selection (current week, current month, ..., next week, last week, ...) can be also used to simplify the manual definition of start and end.
- **Start and End:** In this field a time interval can be entered as selection criteria to limit the given period for the chart.

4. Further Criteria

The screenshot shows the SAP Capacity Chart 2 interface. At the top, there is a toolbar with icons for generating charts, document management, and navigation. Below the toolbar, a menu bar includes 'Generate chart', 'Document', 'Edit', 'View', and 'Back references'. A status bar at the bottom displays 'CapacityChart 2 CapacityChart'.

The main area is titled '4. Further criteria: Please enter further criteria here and select one of the charts in menu on top (right)'. It contains five selection fields:

- Cost center:** A dropdown menu with a download icon (down arrow) and a search icon (magnifying glass).
- Category project:** A dropdown menu with a download icon (down arrow) and a search icon (magnifying glass).
- External order / project:** A dropdown menu with a download icon (down arrow) and a search icon (magnifying glass).
- ProductionEffort:** A dropdown menu with a download icon (down arrow) and a search icon (magnifying glass).
- Period:** A dropdown menu.

- **Cost Center:** Cost centers can be selected as selection criteria with this selection list. These cost centers refer to the cost center of the employee and limits the selection of the given employee (only employees are displayed, which are assigned to this/these cost center(s)).
- **Project Category:** Project categories can be selected as selection criteria with this selection list. These categories refer to the category of the project and limit the selection of the project (only projects are displayed, which are assigned to this/these project category/categories).
- **External Order/Project:** This selection refers to the external attribute of the project and limits the selection of the project (only external projects are displayed).
- **Period:** This check box is used for the capacity chart, in order to define a period (weekly, monthly, ...) for viewing the capacities for the selected employees.
- **Include Previous Month and Flexible Time:** The option include previous month includes the flexible time (overtime and undertime) of the previous month and the option include flexible time includes all flexible hours (from the first employee contract; see also Working Time Administration).

5. Adjustment of Chart Display

CapacityChart 2 CapacityChart

Generate chart

InputDialog Parameters Format Results

5. Adjustment of chart display: Please adjust here the dimension of the chart

Width: 800 px

Height: 600 px

With image:

Display:

ChartType: BAR_HORIZONTAL

Paper Size:

Landscape Mode:

- **Width:** The width in pixel (px) is determined for the graphical chart in this field.
- **Line Height:** The size of the font in points (pt) is determined for the graphical chart in this field.
- **With Image:** In addition to the lists, also graphics for various charts can be generated with this selection.
- **Display:** The generated chart can be generated in various formats with this selection. HTML (standard setting), CSV, XLS (MS Excel), PDF, RTF (text processing) are supported.
- **Chart Type:** A chart type can be selected for the generated chart with this selection. Projectile offers various types of bar charts (2D, 3D, vertical, horizontal, ...), column charts, line charts, area charts as well as pie charts and bubble charts.
