A list of all open screens are in the lower part of the work area - the window manager. The listed screens can be opened directly or through this list. In the example, work area (Intro), are listed in the window manager.

One item in the list consists of the close button  for all opened screens and the items for opened screens with a link to the form. Changing to a form in the list, an item link is used ...

The screenshot shows the 'Project 6.2 Implementation' window. It has a menu bar with 'Document', 'Edit', 'View', 'Back references', and 'Actions'. Below the menu is a tab bar with 'Master data', 'Involved persons', 'Portfolio', 'Status', 'Budget', 'Financial data', 'Order data', 'Documentation', and 'Misc'. The 'Master data' tab is active, showing fields for 'Project number' (Number: 6.2, Status: Active), 'Description' (Implementation), 'Project start/end date' (From: 15.08.2009, To: 16.10.2009), and 'Parent project' (6 QM-Module). Below these is a 'Subprojects' section with a table listing subprojects.

|   | Number | Description                 | Status      |
|---|--------|-----------------------------|-------------|
| 1 | 3.1    | Introduction Accounting     | Active      |
| 2 | 6.2.1  | development of new projects | Closed live |
| 3 | 10     | Introduction Projectile     | Closed live |

... and the appropriate document (here the project MSP) is opened in the left part of the application.

To close a document in the list, the close button can be used ...

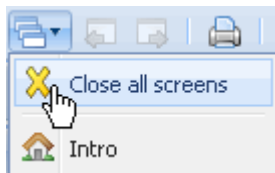

This screenshot is similar to the previous one, but a red arrow points to the close button (an 'X' icon) in the top-left corner of the window's title bar.

... and the appropriate document is then closed.

The screenshot shows the application's sidebar menu. At the top, there is a 'Close all screens' button with a yellow 'X' icon. Below it, a list of documents is shown, including 'Intro', 'Occupation', 'Job 8', 'Offer', 'Project 6.2 Implementation', 'Chart result 04 - Job chart target/actual Project chart 26.10.2009 10:58:21', 'Job 3-2 Installation Projectile', and 'Collection Query for Project'. A mouse cursor is pointing at the 'Close all screens' button.
