3.11.08 Unit Administration

In Projectile, the department structures can be illustrated in a company by using “units”. There can be one or more unit managers and an associated team. With the possibility to divide the employees into various units, i.e. departments, extensions and refinement of the access permissions system occurs. This is important when units are assigned to [projects](#).

Note

It is possible to create sub-units for this unit "Department". To create the sub-unit, activate the functionality "New Document" in the sub-unit row.

The screenshot shows a web application window titled "Unit Development". The window has a menu bar with "Document", "Edit", "View", and "Back references". The main content area is divided into several sections:

- Unit:** A text field containing "Development".
- TopUnit:** A text field containing "Development".
- Description:** A text field containing "Development".
- Unit managers:** A section with a list of icons (document, delete, copy, paste, search, print) and a checkbox next to a user icon and the name "Jane Conner".
- Unit members:** A section with a list of icons (document, delete, copy, paste, search, print, checkmark) and a list of users with checkboxes: "Griffith Jean", "Jones Timothy", "Müller Georg", and "Tate Adam".
- Parent unit:** A text field.
- Subunits:** A section with a list of icons (document, delete, copy, paste, search, print) and a yellow button labeled "New document" which is highlighted by a mouse cursor.
- Issue:** A text field.
- Note:** A text field.

A new unit manager must be entered once again.
